20:15 **Welcome Dinner**
Lobby Steigenberger Hotel

Day 2 Monday

10.10.2011

09:00 **Overview of the current status of the project – Important issues to be discussed**
(David Henderson, Coordinator of OncoTrack, Bayer)

09:15 **“Flash light round” - Feedback from each participant: Which problem / issue is important to be discussed during the meeting?**
(collection of issues; open questions will be discussed at the several cluster sessions)
Introduction of new staff

09:40 **Key note lecture: Impact of molecular biology on the treatment of lung cancer**
(Robert Pirker, Medical University of Vienna)

10:00 **Panel discussion “Pharma development and Biomarkers”**

Integration of biomarkers into pharmaceutical development
(Hans Winkler, Janssen)

10:20 **Preparing for clinical trials of diagnostics agents**
(Jim Harris, Roche)

10:40 **Coffee Break**

11:10 **Statistical approaches for clinical validation of multi-parametric tests**
(Stephan Lehr, Baxter)

11:30 **Reimbursement of diagnostic tests**
(Rosenberg, lawyer Dierks⁺Bohle)

11:50	Knowledge Management (Anthony Rowe, Janssen)
12:10	Bioinformatics infrastructure for life scientists (Rolf Apweiler, European Bioinformatics Institute)
12:30	IMI project PREDECT (John Hickman, coordinator of PREDECT)
12:50	Panel discussion
13:20	Lunch Break
14:30	WP 7: Sample logistics First experiences of Sample logistics (Ulrich Keilholz, Charité)
14:50	<u>Cluster CTC's and stem cells</u> WP 2: Cancer stem cells Report on project preparation (Christian Regenbrecht, Charité)
15:10	WP 3: Circulating Tumour Cells First experiences (Andreas Dahl, Technical University Dresden)
15:30	Coffee Break
16:00	<u>Cluster pathology</u> WP05: Pathology Samples First experiences (Ola Söderberg, Uppsala University)
16:20	Tissue collection and histopathological assessment (Johannes Haybäck, Medical University Graz)
16:30	WP04: Plasma: DNA and Proteins (Ulf Landegren, Uppsala University)
16:50	General discussion round
17:20	End of first meeting day
19:30-23:00	Dinner at Dinosaur Room of Natural History Museum Vienna

Day 3 Tuesday

11.10.2011

09:00	<u>Cluster bioinformatics / biomarker validation</u> WP01: Genome sequencing First experiences <i>(Bernd Timmermann, Tatiana Borodina, MPI-MG)</i>
09:20	WP 06: Xenografts <i>(Jens Hoffmann, EPO)</i>
09:40	WP08: Data Integration, Statistical Analyses and Modelling First experiences <i>(Bodo Lange - Alacris, Alexander Kühn – MPI-MG)</i>
10:00	Discussion
10:30	Coffee Break
11:00	WP 09: Dissemination and Training <i>(David Henderson, Bayer)</i>
11:20	WP 10: Project Management Info on reporting <i>(Carl Steinbeisser, GABO:mi)</i>
11:40	Decision on venues of next WP leader meeting
11:50	Introduction of Eli Lilly Decision on accession of Eli Lilly as a new partner
12:10	“Flash light round” – What are the most important next steps?
12:20	Conclusion and Farewell <i>(David Henderson, Coordinator of OncoTrack, Bayer)</i>
12:30	Lunch Break
13:15	End of meeting
